INTERAGENCY CLASSIFICATION REVIEW COMMITTEE

MEMORANDUM FOR: MEMBERS OF THE INTERAGENCY CLASSIFICATION REVIEW COMMITTEE  
FROM: JOHN S. D. EISENHOWER *JSDE*  
SUBJECT: DATA INDEX  
DATE: FEBRUARY 26, 1973

Despite recent discussions on the subject, the Letter of Instructions on the data index system, dated January 23, 1973, will continue to remain in effect. Questions on implementation, application and interpretation of the Instructions as they affect any particular agency or department are welcome and should be directed to Richard Tufaro.

I believe most of you have already explored these questions and are well on your way to full implementation of the data index requirements.
